

# CAMP AT HOME

## WACKY CRAFT WEDNESDAY - WEEK 5

### NATURE WEAVE

#### STEP 1:

Gather 4 fallen sticks of a similar size.  
Create a square with the sticks.  
Tie corners together with twine.  
Wrap around corners multiple times to  
make a more sturdy structure.

#### STEP 2:

With a large piece of twine, zig-zag from side  
to side until space is covered.  
Be sure to pull tight along the way.  
Tie off to secure.

Tip: Double wrap on the stick to keep twine  
from moving.

#### STEP 3:

Gather natural objects outside such as:  
leaves, pine needles, pine cones, acorns,  
flowers, and etc.  
Only gather fallen objects from an area that  
is allowed.  
Place your objects into your frame by using  
the twine to hold them in place.  
Admire your beautiful creation!
